Zoelee

Zoelee Donnell has been actively involved in the fabric industry for 25 years. She has owned and operated **Zoelee's Fabrics & Sewing School** in the Kansas City area for 20 years. She has conducted seminars, fashion shows, and workshops, at clubs and sewing guilds across the Midwest, teaching her innovations and techniques. She teaches a variety of classes in her school for beginning to advanced sewers, helping them create garments that demonstrate unique variations. She will inspire you with her quick, easy techniques, using the latest patterns, notions, and fabrics. She also has an active sewing school for Pre-Teens and Teens

— her goal is to make sewing fun for the next generation, introducing them to a hobby that will enrich their lives and give them a sense of accomplishment.

Zoelee spends much time coordinating fabrics and notions for her sewing clients. An exclusive inventory of knits, novelty textures, fashion fabrics to mix and match allow you to keep your wardrobe up-to-date. Also available is a collection of collars, bands, and matching ribbing and trims to complete any project. A line of lingerie fabrics and accessories, along with swim fabrics, and all types of lycras (for active wear), and elastics and trims to coordinate your creation.

She loves to inspire those who sew by teaching new ideas and techniques, and we love to see her latest creations. Come shop, see Zoelee's trunk show and listen to her talk about working with knits and specialty fabrics. Her program will include lots of up-to-date sewing and serger tips and techniques, that make sewing fun, quick and easy and gives sewing a more professional look.
